Dear Rabbi Rabinowitz,

I acknowledge with grateful thanks your letter of the 21st August and on behalf of my Executive and Committee wish to say how delighted we are that you have accepted the Call extended to you by our Congregation. We are all deeply conscious of the honour which you do our small community and feel sure that your coming will not only give great strength to our growth but will enhance, in no small way, our position within the Greater Manchester Community. You may rest assured that we will do everything in our power to make you and Mrs. Rabinowitz as happy as possible in our midst.
